In House ([More details on Page 15](#))

Would you like to offer live or video conferencing options to employees from just your organization? You can customize material from a large library of CFTEA live classes and have it presented in-house by your own staff at a reduced cost. Interested in learning more? [Contact us for additional details.](#)

Pricing Schedule

Course Credits	Instructor Materials	Student Book Cost	In-House per Student Cost
2-3 credit	Available (No Charge)	\$150	\$90
1/4 – 1 credit	Available (No Charge)	\$50	\$60
1/4—1 credit	None	None	\$25

Instructor Led Online

ILO courses are significantly more expensive than CFTEA Virtual Classrooms or Guided Learning options. Each week, students receive an online assignment, which may involve reading a chapter from the textbook, posting an assignment on the discussion board, taking a self-check test, or collaborating with peers through discussion boards and other engagement methods. Students are expected to follow the course syllabus, and an instructor is available to answer any questions.

Guided Learning ([Courses on Page 12](#))

Looking for the most flexible learning option? If your busy schedule makes attending live classes challenging, consider Guided Learning. Each Guided Learning class features a dedicated instructor available to answer questions about the material. A suggested syllabus is provided to help students manage their time effectively at their own pace. Upon registration, any required textbooks are mailed to the student. Additional course materials are accessible on the CFTEA Workplace site, where students can find everything needed to complete the course, including downloadable activities. Open book exams can be taken on the CFTEA Workplace site from any computer. With Guided Learning, you have the freedom to work at your own pace and on your own time.

Live

Live training options offer face-to-face classroom interaction and networking opportunities at a convenient location. Students attend in-person at a designated time and place. These live classes are available to employees from various organizations.

Self-Paced eLearning

Self-Paced eLearning topics offer flexibility, allowing students to access high-quality content at their convenience. This may include mobile access for learning on the go.

Seminars/Programs

Various seminars are offered in person or via Zoom throughout the year, depending on requests and instructor availability. These seminars facilitate live, small group discussions on highly specialized topics.

Virtual Classroom ([Courses on Page 13-14](#))

CFTEA Virtual Classrooms offer a live classroom experience through Zoom. Enjoy engaged learning from any location with an Internet connection. While access to a device with a webcam and microphone is preferred, students can also participate by preparing homework assignments for discussion and asking instructors topical questions in the chat feature to enhance their learning. Classes are held at set dates and times.

Webinars

If you've identified a webinar, CFTEA can typically provide it. Purchasing webinars through CFTEA directly supports nonprofit program and course development. This training program combines the clarity of a conference call with the interactivity of online presentations. With video sharing capabilities, an entire room or organization can participate at the same low cost. If you cannot attend at the scheduled time, programs are available for playback at a convenient time for your organization and its employees. [Contact us for more details.](#)

The Benefits of Upskilling or Reskilling Employees

Employee training and development isn't just about teaching employees to do their jobs. It's about showing employees they are valued and that upward movement in the organization is possible. Employee training and development is important for ensuring that staff are prepared for their role; that they feel supported, valued, and capable; and that they have upward movement. Engaged employees want to grow, and they want to be challenged. They aren't looking to simply work at a job; they are looking to further their careers. **A solid and unique training and development program can give employees a sense of ownership in their role and a future vision with the organization.** And when companies *don't* invest in learning and development and create paths for growth (beyond pay bumps), employees may start looking for jobs elsewhere.

Why Certifications Are Important?

Certification programs go beyond training by providing a nationally recognized measurement of knowledge and skills. [See our website cftea.org for details on all our certifications.](http://cftea.org)

Certified Modern Banking Representative

This certification is designed for entry level employees at financial institutions and shows the world you are serious about making a difference in your career. With so much information coming at a newer employee, the focused content equips students to take on modern banking challenges.

The debate whether leaders are born or made has been waged for many years. The question centers around how various leadership qualities are acquired.

Perhaps a more pressing question for hopeful leaders is, if they don't inherently have the needed core skills, can they be learned? The answers, while not endorsed unanimously, are based on a number of observed realities. Of the many skills required to lead well, it's hard to imagine anyone being born with them all; they are too intricate and diverse for one personality. Most experts agree that many leadership attributes require experience to possess.

"I got a lot out of the [Leadership for Women in Business Certificate](#) and would recommend it to other women leaders. At first, I thought it would benefit new leaders only, but it included good reminders on topics that I hadn't considered for a while. It is worth the time and investment to any female leaders." - Judy Folsom, Bar Harbor Bank & Trust

ACE College Credit Recommendations

The American Council on Education's College Credit Recommendation service (ACE Credit) has evaluated and recommended college credit for several Instructor-Led online classes listed in this catalog and the credit recommendation is listed in the indicated column.

The American Council on Education, the major coordinating body for the nation's higher education institutions, seeks to provide leadership and a unifying voice on key higher education issues and to influence public policy through advocacy, research, and program initiatives. ACE CREDIT connects workplace learning with colleges and universities by helping adults gain access to academic credit at colleges and universities for formal courses and examinations taken in the workplace or other settings outside traditional higher education.

These recommendations do not guarantee you will receive college credit for these classes. The decision is made independently by each college or university. The ACE website lists the Colleges and Universities that have agreed to accept the credit recommendations when appropriate.

Prior to enrolling into a course specifically to transfer the credits to the college or university you are attending please confirm directly with the school that they will accept the credits upon successful completion of the class.

Grading Policy

In-class: Grade reports will be sent to students as soon as possible after the grades have been received from the instructor. Grade reports to the financial institutions will be sent in bulk at the end of the semester - in January and in July. A student may request in writing that a grade report be sent to his/her human resource department sooner than at the end of the semester if the grade is necessary for a promotion, salary increase, etc.

Online and Self Study: Grades are sent to students upon CFTEA's receipt of the final grade from the instructor or completion of the self-paced programs.

CFTEA uses an official letter grading system for courses eligible for credit, but does not include pluses (+) or minuses (-). Letter grades are as follows:

- 60 - 69 = D (Below Average)
- Below 60 = F (Failing)
- P = (Passing)
- W = (Withdrawn)
